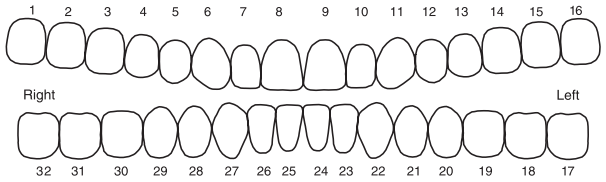
Tray Information

1. **Tray(s) Requested** ☐ Upper ☐ Lower ☐ Both
2. **Pontics & Modifications**
   Please note all pontics and indicate any special modifications. If this case involves extractions, note extraction date, tooth numbers and scheduling.

   Digital extraction?
   ☐ Yes (lab will remove indicated teeth from tray) ☐ No



3. **Enclose the Following**
   ☐ Prescription Form ☐ Impression(s) ☐ Recent Perio Chart

Important Details

- ✓ Check impression tray fit (you may want to use a mandibular arch on the maxillary for gaggers).
- ✓ Use rope wax to build up the tray periphery.
- ✓ Take a deep impression.
- ✓ Check for clear gingival margins and for 4mm of tissue beyond the gingival margin.
- ✓ Be sure to capture every tooth and 4mm distal to the last molar.

Shipping & Delivery Options

All delivery days are listed in lab working days, starting from date of case acceptance (including acceptable impressions/models, bite registration, and complete prescription information). Working days do not include the date the case is shipped, time in transit, weekends or holidays.

7 working days from date case is received by DenMat Lab.

☐ Standard 7-day turnaround time (no charge)
